

DELIVERING FAST, SMOOTH GREENS. EASILY.

The Toro GreensPro® 1260 is in a league of its own, delivering exceptionally smooth and fast greens with a superior operator platform. The GreensPro 1260 riding greens roller is the perfect rolling tool for fine sporting turf such as golf greens, bowling greens and tennis courts. Turf that requires a smooth, high performance surface for optimum playing will benefit from precision greens rolling with the GreensPro 1260. The split, overlapping, contour-following smoothing rollers perfectly follow undulations delivering exceptionally smooth surfaces. The operator platform is fully adjustable for unmatched comfort and operator safety. The transport system featuring a QuickLatch coupler makes transporting from green to green unbelievably quick and simple. Direct hydraulic motor drive for ease of operation and reduced maintenance. Exceptional greens rolling and ultimate useability. That's the GreensPro 1260.

FEATURES

- **Overlapping Smoothing Heads**

Provides full width roller coverage with no unrolled areas during every pass, hence, delivering unmatched consistency.

- **Ball Joint For Smoothing Head Connection**

Provides better smoothing head articulation with minimal maintenance.

- **8.7 kg Tongue Weight**

Light tongue weight makes manoeuvring simple and reduces stress on operators back.

- **Split Smoothing Rollers**

Independent, articulating smoothing heads with improved bump stop design follow undulations, preserving natural contours.

- **Innovative Wheel Caddy System**

Innovative wheel caddy system for effortless transport to roll conversions.

- **Bi-Directional Seat Adjustment**

Achieve best ergonomic position for the operator. Fully adjustable operator platform for comfort and safety.

- **Hydraulically Driven Drive Roller**

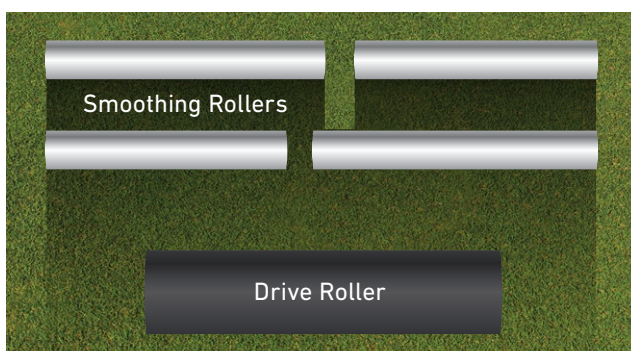

Hydraulic motor drive for ease of operation and increased reliability, removes high maintenance normally seen with a chain and sprocket design. Single grease point located on drive roller bearing reduces maintenance requirements.

- **QuickLatch Coupler**

Easy for the operator to attach roller to vehicle with one hand.

- **Hour Meter and Lights**

Hour meter and lights on each side are standard features.

Offset smoothing roller design for uniform greens appearance and playability.

GREENSPRO 1260, MODEL 44913

ENGINE	Honda® GX200 5.5 hp (4.1 kW) @3600 RPM, air-cooled, 4-stroke OHV; mechanically governed.
FUEL	Unleaded petrol
TRANSMISSION	Hydrogear PG Pump
DRIVE	Parker hydraulic motor to drive roller
SMOOTHING ROLLS	3.44" (87.5 mm) diameter - 4 split rollers. Overlapping twin steering heads.
TRACTION DRIVE ROLLER	7.24" (183.9 mm) diameter vulcanized rubber coated cylinder, 31.5" (80 cm) long
ROLLING WIDTH	47.2" (120 cm)
GROUND SPEED	Roll: 0-8 mph (0-12.8 km/h) in either direction
CONTROLS	Tilt steering wheel, directional foot pedals, parking brake
CONTOUR FOLLOW	Yes
GROUND PRESSURE	3.75 PSI (0.26 Bar)
STEERING	Wheel, adjustable tilt to 40°
SEAT	High-back with armrests, adjustable
TRAILER	Integrated with QuickLatch towing system
LIFTING TYRES	16" x 6.50" - 8"
LIFTING TYRE PRESSURE	15 PSI (1.03 Bar)

OVERALL DIMENSIONS

WIDTH	48" (122 cm)
LENGTH	53.5" (136 cm)
HEIGHT	42" (107 cm)
WEIGHT	679 lbs. (308 kg)
WARRANTY	Two-year limited warranty. Refer to operator's manual for further details.
